Programme/process

Developing support

Putting together the basis for boundary and application

Forming the Steering group etc

Building community support beyond the people involved at the outset

Identifying local issues, opinions and properties – mapping the area

Finding the evidence we need

Development opportunities – testing the list

Bringing together technical and drafting expertise

Agreeing the plan structure and its shape and direction

Plan drafting and review

Ensuring community and business support for the final version

Managing political context etc

Community Right to:

- Bid
- Buy
- Build
